FRAXA Research Foundation

Over $1 Million in Fragile X Research Grants & Fellowships Offered each Year

FRAXA's mission is to find specific treatments and ultimately a cure for Fragile X syndrome. We prioritize projects that have a clear practical application and the results of which will be shared in a timely fashion.

› **Fragile X clinical trial** applications are accepted and reviewed on a rolling basis. There is no application deadline or budget limit.

› **Curative Therapies Grants** support approaches such as gene therapy, gene repair, gene reactivation, protein replacement, mRNA therapeutics, and targeted ASO treatments. There is no application deadline. Funding of up to **$100,000 per year** is available.

› **FRAXA Fellowship** applications are due on **February 1** each year. Fellowships provide **$120,000** over 2 years for direct costs.

Learn More & Apply

Visit fraxa.org/apply for application details and a list of past grant recipients. For questions, email Dr. Michael Tranfaglia, FRAXA's Chief Scientific Officer, at mtranfaglia@fraxa.org.
