

A Night for FRAXA Research Foundation

with Wine Tasting & Silent Auction

September 24, 2026 • 6-9 PM

Short Hills Club
Short Hills, New Jersey

Raise a Glass.
Fund a Cure.

Why We Created This Evening

Our Story

Like many families, our lives changed when our son and brother, **Colby**, was diagnosed with Fragile X syndrome.

As we searched for answers, we discovered **FRAXA Research Foundation**, an organization dedicated to advancing research and accelerating the development of effective treatments for Fragile X syndrome.

Over the years, we've watched research move from possibility to genuine progress. Every breakthrough gives our family hope that even more is within reach.

Hosting **A Night for FRAXA Research Foundation** is our way of giving back. By bringing together friends, neighbors, businesses, and supporters for an evening of great wine and meaningful connection, we hope to help accelerate the research that will improve lives and bring us closer to a cure.

Thank you for becoming part of this journey with us.

Tonight is about more than raising a glass. It's about raising hope.

Why Research Matters

Fragile X syndrome is the leading inherited cause of intellectual disability and a known genetic cause of autism. While tremendous progress has been made, there are still no treatments that address the underlying cause of Fragile X syndrome.

Research is changing that.

Every discovery brings us closer to effective treatments—and ultimately, a cure.

That's why organizations like FRAXA and *evenings like this* matter.

Why We Believe

For more than 30 years, FRAXA has invested in turning hope into progress.

\$38.8 M

Invested in Fragile X
Research

700+

Research Grants
Awarded Worldwide

1994

Founded by Parents of Children
with Fragile X syndrome

One Mission

Effective Treatments.
Ultimately a Cure.

Sponsorship Opportunities

Raise a Glass. Fund a Cure.

Together, we can fund the breakthroughs families are waiting for.
